

VILLAGE OF TEQUESTA BUILDING DEPARTMENT

ASBESTOS NOTIFICATION STATEMENT

State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

As owner/general contractor of record for demolition, renovation, or fire restoration at the below listed property, I acknowledge my responsibility for compliance with the provisions of Section 469 Florida Statutes and hereby agree to notify the Palm Beach County Health Department regarding any intention to remove asbestos, when applicable, in accordance with state and federal law.

Permit Number: _____ Date: _____

Job site address: _____

Owner Name: _____
(print)

Contractor Name: _____
