Dear Neighbors and Friends,

These past ten months have been difficult for us all and we acknowledge your frustration - but we also realize there is **hope**. On January 15th, our Emergency Management Team administered 50 doses of the COVID-19 vaccine directly to our residents.

That said, we understand the disappointment of those who were unable to receive the vaccine due to the limited number of doses made available to us. Please be assured that our Fire Chief and emergency staff are diligently working with the Department of Health to try to procure additional vaccine as quickly as possible.

I am also aware that many residents did not have an opportunity to register for the first distribution of the vaccine. Should additional doses be allotted to us, we will implement a fair and equitable registration process whereby all eligible Village residents will have an equal opportunity to receive the vaccine.

We encourage you to continue to try other outlets such as Publix, the County, pharmacies, and health care providers. Publix recently began to administer the vaccine at 67 Palm Beach County locations. Granted, there currently is a very limited supply available to them, but should they be allotted a full allocation of the vaccine, their resources will allow them to distribute nearly 60,000 doses per day.

The Village issues updates about COVID-19 and vaccine availability on our website, Facebook page, Twitter and through our Emergency Alerts system. If you have not registered to receive telephone call, voice mail, text, and email alerts from the Village of Tequesta, please sign-up via our website at <http://www.tequesta.org/1178/Emergency-Alerts>. If you do not have a computer or the ability to register, please contact the Village Clerk's Office at 561-768-0440 and they will register you. We encourage those with neighbors who do not currently have access to social media to call us and we will make sure they will be notified.

Thank you for your patience and understanding as we continue to navigate these trying times together.
