QUESTION AND RESPONSE

Question:

Do you have an estimated cost for the Tequesta Drive Bridge Restoration Project?

Response:

The Village has identified funding for the Tequesta Drive Bridge Restoration Project in its adopted budget; however, the bid documents do not include an engineer's estimate or project cost. In order to maintain a fair and competitive procurement process, the Village is not providing cost estimates during the bidding period. Bidders are responsible for submitting pricing based on their own evaluation of the project scope and requirements as outlined in the bid documents.
